August 2017

Kent Fluid Power – 3483

• HPVR PUMP UPDATE

- Continental Hydraulics is updating the HPV piston pumps to the HPVR series.
- The HPVR6, 15, and 29 series have been updated.
- They are still working on HPVR10 and HPVR20 pumps.
- The HPVR10 and HPVR20 series are planned for Q2 2018.
- Contact Kent Fluid Power for more information.

• CONTINENTAL HYDRAULICS

- We have increased our stock levels for the more popular directional valves, stack valves, and pumps.
- We can crossover other brand's valves and pumps to accommodate quick lead times and rush jobs.
- We have access to check Applied, Kent Fluid Power, and factory stock levels.
- Kent Fluid Power's Longview, WA shop is a factory authorized Continental repair center.
- To order Continental, backorder with your local DC. Rush orders may be placed directly with Kent Fluid Power.

• WALVOIL SECTIONAL AND MONOBLOCK VALVES

- We stock parts to build valves up to 100 GPM.
- Types of operators available:
 - Manual, Steel and SS
 - Rotary, Standard and Fully covered
 - Electric Solenoid
 - Hydraulic and pneumatic Pilot

• FILTER CARTS

- From hand trucks to push carts, we can provide what you need. These can be found in the Applied Product Catalog. Need something custom built? Call us and we will send you a quote.
