Kent Fluid Power - 3483

- **CONTINENTAL HYDRAULICS – SAFETY VALVES**

- Continental Hydraulics offers spool position monitored valves to comply with machine safety standards.
- Double redundant assemblies using safety valves are also offered. If a valve fails, the machine will be disconnected from the pressure source to avoid damage and injury.
- These safety valves are combined with other safety rated components to provide energy isolation and/or energy dissipation.
- To learn more about how these can help increase the performance integrity of a system, please call.

- **CONTINENTAL VERTICAL HYDRUALIC POWER UNITS**

- We stock four sizes of Little Champ power units at our Longview, WA shop
- These are now being stocked with external pressure and external volume adjustments built in to easily adjust and setup the unit properly.

- **FILTER CARTS**

- From hand trucks to push carts, we can provide what you need. These can be found in the Applied Product Catalog.
- Need something custom built? Call us and we will send you a quote.

Reminders:

- **LONGVIEW SHOP REPAIRS**

- Pumps and motors – Continental Hydraulics, Parker, Bosch, Eaton, etc.
- Gearboxes – Falk, Hansen, Rexnord, etc.
- Cylinders

- **AIT Fluid Power TSR Phone Line**

- Here to help with all your hydraulics technical questions: PH: 855-426-4600
